NJ Invasive Species
Strike Team

2017 New Jersey Invasive Species Conference Wednesday, April 5th

follow us on [facebook](#)

The Strike Team is a statewide cooperative effort to prevent the spread of emerging invasive species across the state of New Jersey. Started as the Central Jersey Invasive Species Strike Team, the project expanded statewide in 2011 & now consists of several hundred private individuals & public & private organizations representing all levels of government from federal to municipal, non-profit conservation groups & consulting foresters.

After working as an independent non-profit organization for six years, we have recently joined forces with the [Friends of Hopewell Valley Open Space](#) (FoHVOS). FoHVOS founded the Strike Team with the Raritan Headwaters Association in 2008 & has always been our strongest partner. We could not be more pleased & excited about what the future holds for the Strike Team!

There is much to be done to stop the spread of emerging invasive species in New

[Register Now!](#)

Time: 9:00 am to 3:00 pm

Location: Duke Farms, Hillsborough

Registration Fee: \$50, includes lunch

This annual event, brought to you by [Duke Farms](#), the [Friends of Hopewell Valley Open Space](#), [Gracie & Harrigan Consulting Foresters](#), & [Stonebridge Capital Management](#) will feature expert presentations about emerging invasive species science & management issues in the Garden State.

We expect the Conference will be approved for Continuing Education Credits for Master Gardeners, Pesticide Applicators & for participants in the New Jersey Community Forestry Program. More information will be posted soon. Those seeking credits will be required to sign at the start of the workshop & sign out at its conclusion to verify their full participation.
